

2023-2024 Student Success Guide

Student Code of Conduct

Dear Austin ISD families,

An Austin ISD education is an opportunity to set and achieve high goals. We develop our students' character and work ethic because we are always striving for excellence – as students, as teachers and as a district.

How we treat each other goes a long way to creating the culture and climate that helps our students do their best. The 2023–24 Student Success Guide is part of what we do to prepare your child with the knowledge and skills they'll need to be successful.

Every student on every campus needs to be safe every day. The same goes for our teachers and staff. That's why our 2023–24 Student Success Guide is so important. This is the guide that we hold ourselves to – all of us, students and staff.

An electronic copy of this guide is available on the district website at www.austinisd.org/family-support/conduct-code. Please review the guide with your child.

Austin ISD values everyone, not in spite of their differences but because of them, and we are that way because we treat everyone with respect. We work together as teachers, families, students and staff to foster that environment.

Our schools are a place where every student is motivated to learn, and where our teachers and staff enjoy meaningful work. Thank you in advance for doing this with your child. This guide is important because your child is important.

Sincerely,

Matias Segura, PE, MBA
Austin ISD Superintendent

Welcome to Austin ISD

One of Austin ISD's highest priorities is providing a safe, engaging and supportive learning environment every day for every child. To help meet this goal, please read and review the Student Code of Conduct. It contains information that parents and students must know to ensure a successful school year. The Student Code of Conduct is required by state law and is intended to promote a positive learning environment and safe schools. More information regarding District policies and procedures may be found in [Board policies](#) and the [Student Handbook](#). Austin ISD Board policies, as well as state and federal law, are legal guidelines that bind the District, its employees and students.

AISD's Discipline Philosophy

Austin ISD commits to creating safe academic learning environments through fostering healthy relationships, social-emotional skill development, and proactive intervention.

Mission

We prepare every student with the knowledge and skills to thrive in college, career, and life.

Vision

We are Austin's home for inclusive learning: high expectations for all children, high outcomes for every student.

Values

In our interactions with students, families, community stakeholders and each other, we commit to:

- **Caring** for every child to be **healthy, safe, engaged, supported, and challenged**.
- **Educational equity**, to ensure every child receives what is needed to develop to their full potential.
- **Innovation and academic excellence** to inspire the next generation of leaders, civically engaged citizens, creative and critical thinkers, and lifelong learners.
- Valuing **diversity, inclusion, and meaningful engagement** of all voices as we collaborate to improve the common good.
- A **culture of respect, transparency, and data-informed decision-making** to build trusting relationships with each other and those we serve.
- **Engaging** our employees and inviting their **collaboration** to make AISD a great place to work.
- **Aligning resources** to student needs, to be strategic stewards of financial and human capacities to achieve our vision and mission.

Equity

AISD: Every Child, Every Day

Overview and Purpose

The Student Success Guide is Austin Independent School [District's Student Code of Conduct](#). It has been revised to comply with state law as delineated in [Chapter 37](#), Safe Schools Act, and Texas Education Code (TEC). The revised code is a collaborative effort between central office and campus staff, parents/guardians, and other concerned community members. The Student Success Guide, as adopted by the Austin ISD Board of Trustees, outlines and covers specific expectations regarding appropriate conduct for all students, parents/guardians, teachers, and school administrators of Austin ISD. In accordance with state law, the Student Success Guide shall be available for review at the office of the campus principal and posted on the District's website.

The four key functions of the Student Success Guide are to describe:

- Behavior that builds a positive environment for learning;
- Specific examples of student misconduct;
- Penalties that will be imposed for specific misconduct; and
- District consistency in the matter of student discipline.

The [law requires](#) that the District define and communicate to students and parents/guardians, student behavioral expectations and the various kinds of misconduct that may, or in some cases, must result in disciplinary actions. The District's Student Success Guide categorizes these infractions as Level I, II, III, and IV Offenses.

[Level I Discipline Offenses](#) – Violations of classroom rules:

- Offenses that generally occur in the classroom and can be corrected by the teacher or administrator.

[Level II Discipline Offenses](#)– In-School Suspension (ISS), Home School Suspension (HSS)/or optional removal to a [Disciplinary Alternative Education Program \(DAEP\)](#)pg 32:

- Offenses that seriously disrupt the educational process in the school, classroom, on school property, and/or at a school-related activity occurring on or off school property.

[Level III Discipline Offenses](#)– [Mandatory placement in a DAEP](#):

- Criminal offenses as defined in Level III. All offenses listed in Level III are according to [TEC Chapter 37.006](#).

[Level IV Discipline Offenses](#)– [Expulsion](#) pg 33:

- Offenses that include those in which a student may be expelled under state law [TEC Chapter 37.007](#). The code also indicates the disciplinary responses attached to these infractions.

In general, disciplinary actions will be designed not merely to correct misconduct, but to encourage and motivate students to become responsible citizens of the school community. District personnel will be responsible for implementing all accessible prevention and [intervention](#) measures, to the extent possible, prior to taking disciplinary action. These measures would include a range of District programs and the services of specialized personnel, as well as appropriate community resources that are available to students and families. In all cases prior to a student being removed to a disciplinary alternative education placement, teachers,

administrators, and campus behavior coordinators will draw from a range of current discipline management techniques.

Policies (rules) and procedures regarding student behavior refer to the actions of students while on school property, including actions that occur before, during, and after regular school hours. The rules also apply to all school-sponsored/related activities or events, such as field trips, sports, dances, assemblies, or evening school-related events on or off school property. Students and parents/guardians should be aware that certain discipline offenses, whether at or away from school, may result in the student's placement in an [Off-Campus Disciplinary Alternative Education Program \(DAEP\)](#) or expulsion to either a DAEP or the [Travis County Juvenile Justice Alternative Education Program \(TCJJAEP\)](#).

This document references [Chapter 37](#) of the Texas Education Code (TEC), which governs parts of the code of conduct. TEC and AISD policies, regulations, and exhibits about discipline and behavior management are online at:

TEC: <http://www.statutes.legis.state.tx.us/?link=ED>

AISD policies, regulations, and exhibits: <http://pol.tasb.org/Home/Index/1146>

Because each campus community is distinct, this document covers all of AISD and there may be rules or expectations unique to a campus. Please visit your student's school website to find the [campus student handbook](#).

Note: When you register your student to attend an AISD school, you are acknowledging that you can electronically access this document as well as request a hard copy at your student's school. Even if you do not read this document, your student still must follow the rules in it.

Parental Questions or Complaints

When parents/guardians have questions or complaints regarding disciplinary actions, they should talk to the teacher or the campus administrator. If questions or concerns were not addressed after speaking with school personnel, concerns can be reported to the Office of School Leadership at 512-414-0038 (Elementary) and 512-414-4481 (Secondary). Concerns and questions can be submitted electronically using [Let's Talk](#). Complaints can also be submitted in accordance with [FNG \(LOCAL\)](#).

Parents/guardians may get a copy of the policy from the principal's office, or the [student handbook](#) can be accessed online at www.austinisd.org. However, the consequence will not be delayed while waiting for the outcome of the complaint. If you have questions or concerns about student discipline, please call the Discipline Standards and Accountability Office at 512-414-2182.

Student Rights and Responsibilities

Parent/Guardian Responsibilities

Parent/Guardian responsibilities for ensuring a positive learning environment for their student(s) include the following:

- Ensuring students arrive at school on time every day prepared to learn
- Ensuring students read and complete their homework each night
- Supporting school, district, classroom, and school-related activity rules for student behavior and ensuring that their children conduct themselves according to district standards
- Providing the school with their current address, email, and phone numbers for effective communication
- Providing the appropriate school personnel with any student information that will affect the student's ability to learn and the student's behavior
- Reading, acknowledging, and understanding these rules and the rules applicable to their children's conduct while they are at school
- Work with school and officials to improve student behavior by supporting available District resources (Youth & Family, Psychological & Social Services)
- Avoid identifying other children when discussing concerns in public forums
- Address campus and District staff with respect

District Responsibilities and Authority

District Responsibilities

- Teachers shall establish classroom standards/rules that focus on good student conduct and support school/district policies and procedures.
- Administrators shall work with students, parents, staff, and the community to develop an effective school behavior plan that promotes and maintains the support of good student behavior.
- Central office staff shall provide services and support to campuses that maintain a positive learning environment.
- Employee Standard of Conduct ([Board Policy DH](#))
- The SEL and CP&I Department offers on-going professional learning opportunities for campus staff to support the implementation of trauma-informed practices and Social-Emotional Learning and Culturally Proficient & Inclusive practices.

Discipline Authority

The District has the [right to discipline](#) a student when:

- A student does not follow the rules when they are at school, at a school event, or in a school vehicle.
- The student is within 300 feet of school property or riding in a school vehicle.
- A student is not at school and the behavior negatively impacts the school community.
- A student posts threatening messages on social media about another student, staff, or school property.
- A student commits a crime, even when they are not at school.
- During lunch periods in which a student is allowed to leave campus.
- The student is at any school activity, including summer school, even when the activity is not on campus.
- A student breaks any campus code of conduct for a student club, organization, or extracurricular activity.
- A student breaks the law on or off school property or at a school event.
- A student tries to get back at or threatens a school employee or volunteer, even if they are not on campus
- A student is a cyberbully, defined by Education Code [37.0832](#).
- The student commits a felony, as defined by the Texas Education Code.
- The student is required to register as a sex offender.

[Education Code 37.015](#) states that the principal or Campus Behavior Coordinator and other school administrators as appropriate, in addition to disciplinary consequences, shall report misdemeanor and felony offenses committed on campus, to the appropriate law enforcement agency, as required by law.

District Responsibilities and Authority (continued)

Campus Behavior Coordinator

It is the law that every school has a [Campus Behavior Coordinator \(CBC\)](#). This person may be the principal or a person the principal chooses. The school website is required by law to include the name and contact information of the Campus Behavior Coordinator. It is the Campus Behavior Coordinator's job to be in charge of student discipline.

The Campus Behavior Coordinator will work with school staff to create safety rules and enforce those rules with students.

Before the Campus Behavior Coordinator disciplines a student, they must know:

- If the student acted in self-defense
- What the student was trying to do
- If the student has been disciplined before
- If the student has a disability (as required by law, IDEA, 504)
- If the student is homeless or in Child Protective Services

It is important for parents/guardians and the community to understand that the Texas Education Code requires school districts to complete what is termed "administrative processes." These processes are separate and different from what a juvenile or adult court will do when a student breaks the law. To take action, the District has to show only a preponderance of evidence or reasonable belief that a student violated the Student Success Guide. The District does not have to show proof beyond a reasonable doubt.

When a student is charged by law enforcement with a Penal Code violation, the District will act on that charge. The District continues the administrative discipline process, even if the following occurs:

- The District Attorney decides not to prosecute.
- The case is non-suited, reduced in severity, or cleared by exception.
- The police do not file a report.
- The grand jury no-bills in an adult proceeding.

Notification

If a student engages in general misconduct that might result in a serious consequence the Campus Behavior Coordinator will immediately contact a student's parents/guardians by phone or in person. The Campus Behavior Coordinator will let the student's parent/guardian know if a police officer takes custody of a student. The Campus Behavior Coordinator will make every attempt to let the parents/guardians know what happened on that day. If the parent/guardian cannot be reached by 5 p.m. the business day after the incident, the Campus Behavior Coordinator or school staff will email or mail a letter to the parent/guardian telling them what happened.

District Responsibilities and Authority (continued)

Due Process

Due process means that if a student breaks a rule or law, they get to tell their side of the story. Due process is part of the Student Success Guide and state law, and it will be used before school staff makes a decision about discipline. If school staff believe that a student broke a rule or law, they will tell the student what they think and the student is allowed to say if they agree or disagree, and they will have a conversation about it.

If a student is removed from class, the Campus Behavior Coordinator will schedule a meeting to talk about the issue. It won't take longer than three school days after the student was taken out of class for the meeting to be scheduled. The meeting may include school staff, including a teacher, parents/guardians, and the student. At the meeting, school staff will explain why they removed the student from class, and the student can tell their side of the story. The Campus Behavior Coordinator will make every attempt to invite the student and parents/guardians to the meeting, but they can still have the meeting even if the student or parents/guardians can't come. The student may not return to their regular classroom pending this conference without the approval of the Campus Behavior Coordinator.

After the meeting, the Campus Behavior Coordinator will call or send an email or letter to the parents/guardians telling them what decision was made.

Intervention Strategies

Below are various prevention and intervention strategies that may be used.

Level 1: Supporting Students Proactively

Campus staff will:

- Model and support character education and social-emotional learning. Rules, procedures, and expectations will be taught, practiced, reviewed at key intervals, and repeated when needed.

Supports

Character Education

Character education helps students understand, act, and care about values such as respect and responsibility. At AISD, everyone should exhibit positive character traits. Students and families should also expect AISD administrators, staff, and teachers to model these characteristics. Here are things students are taught so they exhibit positive character in school and life.

- Caring – Wanting other people to be well.
- Citizenship – Doing good for the community.
- Courage – Doing the right thing, even when it's hard.
- Honesty – Telling the truth.
- Hope – Believing in success.
- Justice and Fairness – Treating everyone equitably.
- Perseverance – Not giving up.
- Respect – Caring about yourself, others, and property.
- Responsibility – Owning up to your actions.

Helping Students Exhibit Good Behavior

School culture has a big effect on students' relationships and how they do in school. Schools must be places where everyone feels included and where all students have the social and emotional support they need. It is also important for students to have activities where they can bond with caring, supportive adults who will help them be their best.

[Social-Emotional Learning \(SEL\)](#) and Cultural Proficiency and Inclusiveness (CP&I) are integral to students' academic success. SEL helps students understand their emotions, care for others, have good relationships, and manage stress. It teaches students how to face challenges and make good choices.

It is up to everyone at AISD to create safe and inclusive environments and support student well-being. If a student is not behaving well, school staff are there to identify the student's needs and provide support, which may include talking to the student's parents.

If a student is having a difficult time, there are many ways school staff can help. Some things can be done at the moment and some things can be taught ahead of time. A Child

Study Team is one way to help. Other examples are working on skills to support students in being able to:

- Communicate well
- Get along with other students
- Manage stress
- Solve problems
- Manage anger
- Ask for help

If a student might be helped by special educational services, a Child Study Team should meet as soon as possible to discuss.

Positive Discipline

It is important to take a positive approach to discipline. The positive approach helps students, little by little, make changes and exhibit positive behavior.

The goal of a positive approach is to help students learn from their mistakes and not repeat inappropriate behavior. This helps students:

- Know if they did any harm and what they could have done differently
- Take responsibility for their actions
- Try to make things better
- Learn how to be a good friend and student
- Understand what will happen if they exhibit inappropriate behavior

School staff should be sensitive to issues that may influence the behavior of students and respond in a way that is supportive of their needs.

Discipline is designed to help create a safe and positive school culture and school staff should build strong relationships and guide students. If a student needs to take a break from the classroom, staff will help them return to their classroom as soon as possible.

There is not one easy way to help students behave well. When we are working with students, we ask:

- What do we see when the student is in front of us?
- What is the cause of the behavior?
- What does the student need?

Culturally Responsive Restorative Practices

Please see the section on the [Culturally Responsive Restorative Practices](#) (CRRPs) that are used as Level 1 interventions.

Intervention Strategies (continued)

Level 2: Help for Students Who Have Broken a Rule

Campus Staff Will:

- Work to understand what has happened.
- Work with the student (for minor issues) or the student and caregivers (for larger issues) to develop a shared understanding and a plan to move forward.
- Consider actions that will be helpful in moving forward, such as conferences, documentation, access to support staff, restorative circles, etc, and provide those supports.

Potential Additional Supports

- Classroom visits by someone from the principal's office, (Multi-Tiered [Systems of Support](#)) MTSS Department, SEL and CP&I, and/or early childhood specialists to come up with a plan to support the student.
- Counseling with a school counselor or an outside counselor.
- Review and re-teach school rules, expectations, and procedures.
- [Culturally Responsive Restorative Practices \(CRRPs\)](#)

Level 3: Extra Help for Students Who Have Broken a Rule

Campus Staff Will:

- Have a [District Child Study Team](#) meeting with the Executive Director of Social & Emotional Wellness and Systems of Support to come up with a plan to support the student. People who may come to the meeting:
 - AISD: Campus Executive Director, counselor, school support coaches, child specialist, 504/dyslexia staff, special education staff, SEL and CP&I specialist, and behavioral counselors
 - Family: Parents/guardians, student
 - Campus: Principal or representative, teacher/s, campus counselor, campus mental health resource officer
- Help the family find community counseling and support

Supports

- Connect families with school mental health centers/family resource centers.
- Connect family with community partners at school.
- [Culturally Responsive Restorative Practices \(CRRPs\)](#)

Culturally Responsive Restorative Practices

Culturally Responsive Restorative Practices (CRRP) - creating a campus environment where students, parents, and staff nurture trusting relationships, are invited to share and be their authentic selves, and have a sense of belonging and connection in the campus community.

Philosophy

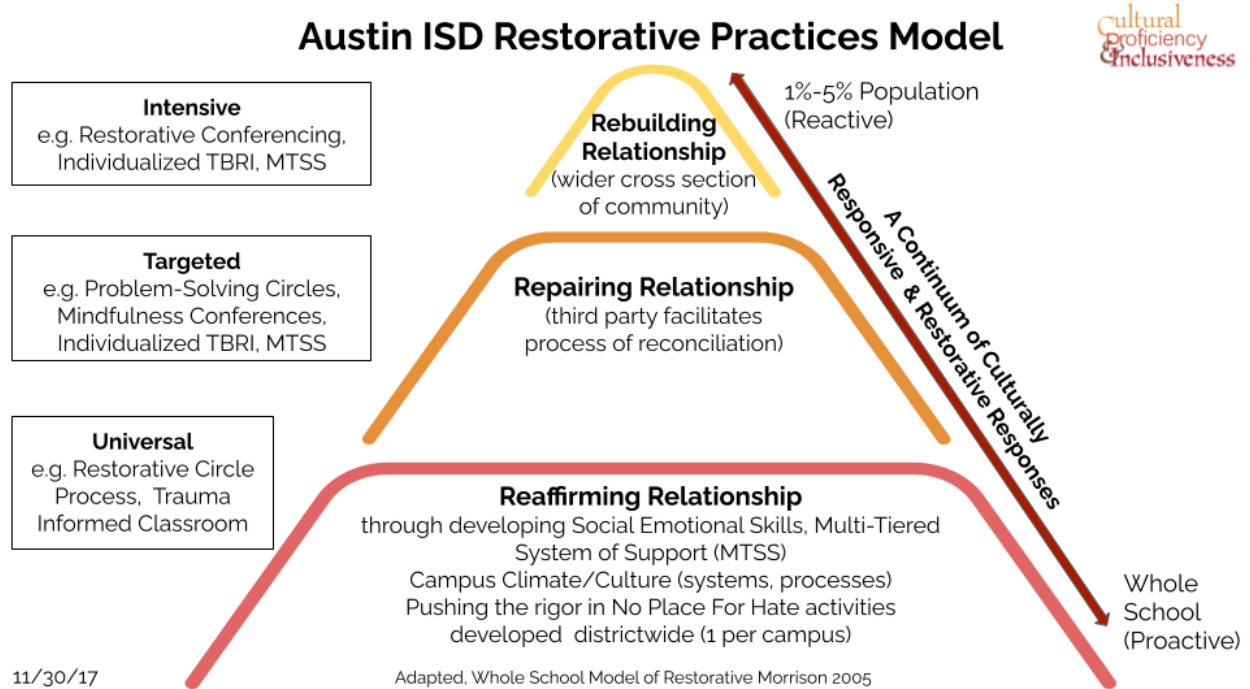

Seven Core Assumptions About Human Beings- *What we believe to be true*

1. The true self in everyone is good, wise, and powerful.
2. The world is profoundly interconnected.
3. All human beings have a deep desire to be in a good relationship.
4. All humans have gifts, and everyone is needed for what they bring.
5. Everything we need to make positive change is already here.
6. Human beings are holistic.
7. We need practices to build habits of living from the core self.

Source: *Circle Forward* by Carolyn Boyes-Watson & Kay Pranis (2015) Living Justice Press

We use these assumptions to frame the work, actions, and focus of restorative practices in our district and schools. They also support a shift from a punitive to a restorative mindset which is needed to implement CRRP with integrity.

The Seven Core Assumptions are our shared responsibility to learn and embody these practices within ourselves as adults first.

Culturally Responsive Restorative Practices (continued)

Tiered Model

The Austin ISD Restorative Practices Model represents all three tiers of Culturally Responsive Restorative Practices (CRRP). This is similar to the Response to Intervention model that is used with Child Study Teams. The bottom layer is Tier 1 and the activities listed at that level are universal and intended for all campus community members including adults and children. Tier 1 practices are a proactive approach to limit the possibility and occurrence of harm in the school environment.

A strong campus-wide foundation of Tier 1 practices and a deep commitment and focus on relationship building is needed for the implementation of Tier 2 and Tier 3 practices. Tier 2 is a targeted approach to repair relationships and only some adults and children will engage at that level of CRRP but not all. Tier 3 is an intensive support to rebuild relationships and only 1-5% of the student population will be involved with that level of CRRP. A more experienced Restorative Practices facilitator is needed to support building campus capacity to implement Tier 2 and Tier 3 practices in a way that honors everyone's dignity.

Note: Austin ISD is at the beginning stages of scaling Restorative Practices districtwide. Campuses have varying levels of Restorative Practices implementation.

Tier 1 School-Wide Practices

The goal of Tier 1 practices is to help build a caring, equitable, restorative community with conditions conducive to learning. Some of these practices include:

- Creating shared values and agreements/guidelines
 - Community agreements
 - Classroom agreements
- [Non-Violent Communication](#)
 - [Affective Statements](#) - are often described as personal expressions of feelings in response to others' positive or negative behaviors. The idea is for teachers to connect students with how their behavior is "affecting" or impacting themselves or others. "Using affective statements helps us to specify the behavior that a student is exhibiting and encourage or discourage that behavior while improving or maintaining the relationship between the teacher and student."
 - [Affective Questions](#) - are questions that cause people to reflect on how their behavior has affected others.
- Impromptu restorative conferences/check-in/conversations- brief one-on-one chats can be for relationship building, academics, or a concerning behavioral disruption.
- Creating a restorative environment using daily practices to build relationships and begin to build/deepen trust such as:
 - Regular Student, Staff, and Parent/Guardian Circles: there are many types of Tier 1 circles that can be used here including but not limited to:
 - Community Building Circles: a space where you use empathy and self-reflection, create a sense of belonging through sharing stories and active listening, build/strengthen relationships, and create/deepen connections.

- Academic Circles: can be a space where you share/teach one another. This enhances learning by providing an interactive forum for all students to participate in the learning process.
- Talking Circles: these focus on a particular topic; this is an opportunity to hear different perspectives on the matter. This is not mediation or a harm circle. You are not trying to mend a relationship or come to an agreement, but rather, creating a venue for different voices to be heard.
- Celebration Circles: Honor and recognize important moments in the community. A celebratory form of community building.
- Decision-Making Circles: Group planning- perhaps smaller circles make initial proposals to bring forward to a larger group
- [Mindfulness Practices](#) - Practices that enhance youth and adults' ability to be fully present, aware of where they are and what they are doing, and not be overly reactive or be overwhelmed by what's going on around them.
- Consistent use of [Social Emotional Learning \(SEL\)](#) & [Cultural Proficiency & Inclusiveness \(CP&I\) practices](#)/ways of being such as: Welcoming Rituals, Optimistic Closures, Morning Meetings, Brain Breaks
 - Understanding yourself and your identity and recognizing your proximity to power and privilege
 - Discussing what is happening in the world around us with both adults and youth using your co-created values and agreements
 - Tapping into adults and students' cultural capital: seek ways for everyone to share their skills, knowledge, and strengths that they bring to the "table"

General Guidelines and Notifications

Offensive Language

It is the position of the Austin ISD Board of Trustees that the use of offensive language in the school environment is unacceptable and tends to create a hostile work and educational environment. Such language includes but is not limited to, the use of slurs or offensive language related to race, ethnicity, gender and/or gender orientation, disability, and religious beliefs. In order to maintain a safe and appropriate educational environment for students and employees, all District employees are required to report such violations of the Student Success Guide to the appropriate campus administrator.

Extracurricular Activities

With the approval of District leadership and the school principal, sponsors and coaches of extracurricular activities may develop and enforce standards of conduct that are higher than the District-developed Student Success Guide. Adherence to these higher standards may be required for a student to establish and maintain membership and eligibility for participation in those activities. These organizational standards of behavior are independent of the Student Success Guide, and violations may result in independent disciplinary action by the school. Students shall be informed of any extracurricular behavior standards for the organization in conjunction with tryout, practice, or acceptance/induction into membership. Students and their parents/guardians shall sign and return to the sponsor or coach a statement acknowledging recognition of the extracurricular behavior standards and consent to abide by them as a condition of membership or participation in the activity. A student may be removed from membership or participation in extracurricular activities or may be excluded from school honors for violation of organizational standards of behavior or for violations of the Student Success Guide. The higher standards may take into account conduct that occurs at any time, on or off school property. No provision of the extracurricular behavioral standard shall have the effect of discriminating on the basis of sex, race, disability, religion, or ethnicity.

False Accusations

Be advised that teachers, administrators, or any District employee, falsely accused may file a criminal complaint against any person making a false police report. If any District employee is harmed by a student's false accusation, the victim may seek civil damages from the student/parent/guardian. These are individual rights and do not belong to the school district. Employees shall consult their own attorney for legal advice and counsel in these situations.

Reporting a Crime

The CBC and other school administrators will report crimes as required by law, including child abuse. A school administrator who suspects that a crime has been committed on campus will call local law enforcement.

Students with Disabilities

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Code of Conduct. In the event of any conflict, the district shall comply with federal law. For more information on Austin ISD's local policy on these topics, please see the following: FO(LOCAL), Student Discipline. Please see Texas Education [Code 37.0021](#) for information on the use of confinement, restraint, seclusion, and time-out.

Protections for Students Before it's Known That They Have a Disability

If a student breaks a rule and the District has knowledge that the student may have a disability, the student is still protected by the rights afforded to students with disabilities. The district is considered to have knowledge that a student may have a disability if:

- The student's parents/guardians write to the District to say that they think the student needs special education services prior to the offense;
- The parents/guardians have requested an evaluation of the student prior to the offense; or
- The student's teacher or another school staff tell the Director of Special Education or another District administrator that they think the student needs special education services prior to the offense.

If the student's parents/guardians refused special education services for the student, didn't allow an evaluation, or the evaluation determined that the student did not have a disability, then the District does not know that the student has a disability.

If the District does not know that the student has a disability before they discipline the student, the District will use discipline rules that apply to students without disabilities. If the evaluation finds that the student has a disability, the District will consider the information in the evaluation and from the parents/guardians, and the District will provide special education services. While the evaluation is being done, school staff will decide if the student stays in their regular classroom.

Students with Disabilities: Americans with Disabilities Act Amendments ACT and Section 504

Before a change of placement (moving a student), the behavior of a student receiving Section 504 services must be reviewed to determine if the conduct in question is a manifestation of their disability. This reevaluation is called a Manifestation Determination Review (MDR meeting), and must happen before a student receiving Section 504 services may be placed to an alternative educational setting or other location. An MDR is a review conducted by the Section 504 Committee when a discipline removal is proposed that would result in a change of placement that exceeds 10 school days. The deciding members of the 504 committee will determine if the

conduct in question was caused by, or had a direct and substantial relationship to, the child's disability, or whether the conduct in question was the direct result of the school's failure to implement the Section 504 Plan.

The committee must have knowledge of the student, the placement, and the evaluation data and determine if the student's behavior is a manifestation of the student's disability, and review the 504 Accommodation Plan, characteristics of the student's current 504 eligibility(s), and other relevant records. The committee must include the campus 504 Coordinator, an administrator, and a general education teacher; additional staff and parents/guardians can be included but cannot be deciding members of the committee. The MDR meeting is considered a re-evaluation.

At the conclusion of the MDR meeting, the Section 504 committee will decide if an additional evaluation and/or Behavior Intervention Plan (BIP) is warranted. If the committee decides that the student's behavior is directly related to their disability, the student may not be removed from their current placement. If it is determined that the student's behavior is not a manifestation of the student's disability, the student may be removed to an alternative educational setting for no more than 45 school days.

A student with a disability may not be placed in an alternative educational setting for more than 45 school days, regardless of if it is determined the behavior was a manifestation of their disability. There are special rules and circumstances when a student:

1. Carries a weapon to school or to a school event
2. Seriously hurts someone at school or a school event
3. Has or uses illegal drugs, or sells or helps sell illegal substances at school or school events on purpose

For conduct involving bringing weapons to school or school events, or serious injury to a person(s) at school or school events: If the conduct is determined to be a manifestation of their disability and/or a direct result of the school's failure to implement their 504 plan, the student is still subject to removal to an alternative educational setting for no more than 45 school days.

For conduct involving drugs and alcohol: Students with disabilities identified through Section 504 are subject to the State and LEA disciplinary procedures regarding alcohol and drugs to the same extent as their non-disabled peers. Due process protections under TITLE 34, SECTION 104.36 does not apply in this situation even if the behavior is a manifestation of the disability, and the LEA is not required to conduct a manifestation determination review. TEXAS EDUCATION CODE requires the removal from class and placement at a disciplinary alternative educational program for certain conduct, including when students sell, give, or deliver controlled substances, marijuana, or alcohol.

Students with disabilities do not lose their protections under the law and their Section 504 accommodations and protections will follow them to the alternative educational setting. The

campus will need to convene a Section 504 meeting upon the student's return to campus to update the 504 plan as necessary.

Individuals with Disabilities Education Act (IDEA)

A student with a disability may be removed to an Interim Alternative Education Setting (IAES), or suspended for no more than 10 school days in a school year (it has to be done in the same way it would be for students without disabilities).

School staff has to think about anything that is special about the student's situation, produce supporting data, and take input from parents/ guardians when deciding if a disciplinary change of placement is a good idea for the student. A disciplinary change of placement occurs if:

1. The removal is for more than 10 consecutive school days; or
2. There is a pattern of short-term removals that total more than 10 school days in a school year.

The school must inform the student's parents/guardians of any plans to consider an alternate placement for disciplinary infractions and make all efforts to include the parents/caregivers in the Manifestation Determination ARD. All parents/guardians must be made aware of their rights and given a copy of the Procedural Safeguards.

Within 10 school days of any decision that results in a disciplinary change of placement due to breaking a school rule, the District will:

1. Seek consent from the student's parent/guardian to conduct a Functional Behavioral Assessment (FBA) of the child, if an FBA has never been conducted or the most recent FBA is more than a year old; and
2. Review any previously conducted FBA and any behavior intervention plan (BIP) developed for the student based on that assessment; and as necessary:
 - a. Develop a behavior intervention plan (BIP) for the student if the student does not have a plan; or
 - b. If the student has a behavior intervention plan (BIP), revise the student's plan.

Within 10 school days of any decision that results in a disciplinary change of placement, the Admission, Review, and Dismissal (ARD) committee has to decide if the student's behavior is because of the student's disability. This is called a Manifestation Determination Review (MDR). When making this decision, the ARD Committee has to look at all the important information in the student's file, including the student's Individualized Education Program (IEP), any teacher notes, and any important information from the parents. They use this information to decide if the student's behavior was because of their disability or if it was because the IEP was not followed.

If the decision is that the behavior was because of the student's disability, the ARD committee has to:

1. Conduct a functional behavioral assessment (FBA), unless the District had conducted an FBA less than one year before the behavior that resulted in the change of placement occurred, AND implement a behavioral intervention plan (BIP) for the student.

2. Review any previously conducted FBA of the child and any behavior intervention plan (BIP) developed for the student based on the assessment; and as necessary.
3. Develop a Behavior Intervention Plan (BIP); or if the student has a behavior intervention plan (BIP), revise the student's plan.
4. The ARD committee must also return the student to the placement from which he was removed unless special circumstances exist, or the parent and District agree to a change of placement as part of the modification of the BIP.

When the removal is for weapons, drugs, or serious bodily injury under 34 C.F.R. § 300.530(g), the child may remain in a disciplinary alternative setting, as determined by the child's IEP Team, for the duration of the removal (not more than 45 school days), regardless of whether the violation was a manifestation of their disability (34 C.F.R. § 300.530(f)(2)).

If it's decided that the behavior is not because of the student's disability, they will be disciplined the same as students without disabilities, except that they must continue receiving services while they are removed.

When a student is removed because of a special situation or because the behavior is not because of their disability, the ARD committee has to figure out how to give the student a Free Appropriate Public Education (FAPE) which may be at an Interim Alternative Education Setting, so the student can continue to:

- Get/receive an education, in another setting.
- Make progress on their IEP goals,
- Receive behavioral intervention services, as appropriate, and special help so they don't repeat the behavior. A Functional Behavioral Assessment (FBA) may need to be requested.

The ARD committee decides the interim alternative education setting (where the student goes in the meantime). Nothing in this code means that the district can't report a crime committed by a student with a disability. If the school district does report a student, they have to also provide the authorities they report it to with the student's special education and discipline records.

A student with a disability may not be disciplined for bullying, harassment or making a hit list until an ARD committee has looked at what happened.

If the parents/guardians of a student with a disability disagree with a decision about discipline or the manifestation determination, they may request an appeal hearing. When this happens, the state or District will have a hearing sooner than usual; it will be within 20 school days of the date that the parents/guardians ask for the hearing, and a decision will be made within 10 school days after the hearing. During the appeal, the student will stay in the interim alternative educational setting until the decision is made or until their time is up, whichever comes first unless the parents/guardians and the District agree on something else.

Safety and Security

The District's Right to Interview Students

School officials have the legal authority and responsibility to investigate violations of the Student Success Guide and to [interview students](#) without prior notice to parents/legal guardians or the consent of parents/legal guardians in order to do so. This authority derives from the common law doctrine of “in loco parentis”, which means school officials are standing in the place of the parents when students are at school or attending school activities. School officials, including law enforcement officers acting as school officials, exercise this authority to maintain the safety and security of the school environment. Except when a student is placed under arrest, any interview of a student conducted by District police officers will be non-custodial in nature. In this context, “non-custodial” means the interview is voluntary, and the student may decline to answer questions or end the interview at any time.

Searches

District staff may search students, their things, and their cars, as long as staff follows state, federal, and district rules about searches. Staff may not search some groups of students more than other groups; Here is more information about searches: [FNF\(LEGAL\) and FNF\(LOCAL\)](#)

District staff are allowed to search a car that a student drives to school if they think that the car has things in it that are not allowed on school property. Desks, lockers, technology, or other things given to the student by the District may be searched at any time, and the District does not have to tell the student before they search the item.

Security Staff

The board utilizes police officers, school resource officers (SROs), and security personnel to ensure the security and protection of students, staff, and property. District security personnel assist school principals in maintaining order, resolving conflicts, and ensuring that safety rules are followed on school grounds. In accordance with law, the board has coordinated with the Campus Behavior Coordinator and other District employees to ensure appropriate law enforcement duties are assigned to these persons. Provisions addressing the various types of security personnel can be found in the [CKE](#) policy series.

The primary duties of District police officers are to perform law enforcement functions for the District that aid in protecting the safety and welfare of any person engaged in the educational process within the police officers’ jurisdiction and in protecting the property, real and personal, of the District. In the performance of these primary duties, police officers shall first attend to protecting persons, school-owned assets and property. Secondly, they shall attend to protecting students, school personnel, and District personal property (assets) off District property but within the jurisdiction (District boundaries) of the police officers.

The secondary duties of District police officers are guided by [Articles 2.13](#) and [14.03, Code of Criminal Procedure](#), involving non-school-related cases. [Article 14.03](#) specifies offenses committed in the presence of a police officer. Intervention in other non-school-related cases shall be handled on an emergency basis and shall be concluded within a reasonable time. The District police officer shall notify the agency with primary jurisdiction and will release the responsibility of the case to that agency. The intent of the transfer of jurisdiction is to enable

more effective protection of persons engaged in the educational process, not to provide regular police service to communities.

Threats

The CBC or other appropriate administrator will work closely with the campus threat assessment and safe and supportive school team to implement the district's threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

The District takes all threats seriously. Threats of any nature will be investigated to the full extent allowed by law and District policy. Threats of any kind against a school, students, or staff are not tolerated. All school threats are investigated by school officials and law enforcement.

Threats that result in evacuations, lockdowns, and investigations by an official or agency organized to deal with emergencies, will result in the application of a discipline policy. Any disciplinary action taken will be in accordance with [TEC Chapter 37](#) and the Student Success Guide.

Please emphasize to your student that all such threats—made verbally or over any social media channel—are investigated immediately. Students may be detained or arrested on a charge of making a terroristic threat, even if the threat is not credible.

Threats are addressed in accordance with the Safe and Supportive School Program guidelines found in [Chapter 37.115](#). Positive Behavior Interventions and Supports (PBIS) should be considered when appropriate.

Inappropriate Use of Computer/Internet/Email

The following actions constitute inappropriate use of computer/internet/email and could lead to disciplinary action.

- Violating policies, rules, or any agreements signed by the student or the student's parent regarding the use of technology resources. See [AISD's Acceptable Use Policy](#).
- Attempting to access or circumvent passwords or other security-related information of the District, students, or employees or uploading or creating computer viruses, either on or off school property, if the conduct causes a substantial disruption to the educational environment.
- Attempting to alter, destroy or disable District technology resources, including but not limited to, computers and related equipment, District data, the data of others or other networks connected to the district's system, either on or off school property, if the conduct causes a substantial disruption to the educational environment.
- Using email or websites to engage in or encourage illegal behavior or threaten school safety, including off property if the conduct causes a substantial disruption to the educational process.
- Sending, posting, or possessing electronic messages that are abusive, obscene, sexually-oriented, threatening, harassing, damaging to another's reputation, or illegal, including cyberbullying ([see glossary](#)) and "sexting," either on or off school property if the conduct causes a substantial disruption to the educational environment or infringes on the rights of another student.

Registered Sex Offenders

If the District gets a lawful notice that a student is required to register as a sex offender, the administration must take the student out of the regular classroom and determine the appropriate school. If the court orders the student to go to a JJAEP, that is where the student will go.

If the student is under court supervision, including probation, community supervision or parole, they will go to a DAEP or JJAEP.

If the student is not under court supervision, they will go to a regular classroom or a DAEP or JJAEP. The student may not go to a regular classroom if the board or the associate superintendent or associate superintendent's designee decides that the student's presence in the classroom:

- Threatens the safety of other students or teachers.
- Will be bad for the educational process.
- Is harmful to other students.

Review Committee

After the end of the first semester that a student is in a DAEP or JJAEP and before the beginning of each semester that a student is in a DAEP or JJAEP, the Campus Behavior Coordinator, following state law, will review how the student is doing. The Campus Behavior Coordinator will include an associate superintendent or designee, and they will say if the student should go back to their regular school. Unless the District becomes aware of other relevant information, AISD has to follow the Campus Behavior Coordinator's recommendation.

The Admission, Review, and Dismissal (ARD) committee has to review the placement of a student with a disability who receives special education services.

Newly Enrolled Student

If a student who is a registered sex offender enrolls at AISD while they are required to be in placement, the District may count any time that the student already spent in placement, or the District can decide that the student has to stay in placement without doing another review.

Appeal

A student or the student's parent/guardian may appeal the placement by requesting a conference between the Board of Trustees or its designee, the student, and the student's parent/guardian. The conference is limited to the factual question of whether the student is required by a court order to register as a sex offender. The burden of proof is on the student or the student's parent/guardian. Any decision of the board or its designee under this section is final and may not be appealed.

Student Removals

Removal from the School Bus

When a student is on a school bus, the District's main job is keeping students safe. The bus driver needs to be able to focus on driving safely and not be distracted by students behaving poorly. [If a student keeps behaving poorly](#), even after the behavior has been addressed by the bus driver, the bus driver may send the student to the principal's office. The principal will discipline the student and might not let them ride the bus anymore.

Removal from Classroom By Teacher [TEC 37.002(B) (D)]

If a student keeps behaving poorly in class, a teacher may take them out of class. (*Here is the official definition: A teacher may remove from class a student who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or whose behavior the teacher determines is so unruly, disruptive or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn [TEC 37.002 (b)]. A teacher or administrator may also remove a student from class for an offense for which a student may be suspended and/or placed in a Disciplinary Alternative Education Program [TEC 37.002 (d)].*)

If a student does any of the following things to their teacher, they cannot go back to class unless the teacher says it's OK: assault with bodily injury, aggravated assault, sexual assault, or aggravated sexual assault. If one of those things happens, the principal or school staff must let the parents/guardians know within 24 hours of getting the report from the teacher.

Conference for Removal by Teacher

If a student is removed from class, there will be a meeting within three school days to talk about what happened. The meeting will include the student, parents/guardians, and the teacher. Before the meeting happens, the principal or school staff can send a student to another classroom, In-School Suspension, Out-of-School Suspension, or a Disciplinary Alternative Education Program, if needed.

After the meeting, the principal will tell the student and the parents/guardians if the student broke a rule. When a student has been taken out of class [\[TEC 37.002\]](#), the principal or school staff cannot send the student back to class unless the teacher says it's OK or if the Placement Review Committee (information below) says it's best.

Placement Review Committee for Removal from Classroom by Teacher

Each school will create a Placement Review Committee, which will have three people in it: two teachers who are picked by school staff and one person picked by the principal. There will also be someone picked by school staff to be the backup if someone else can't make it. The job of the committee is to figure out what to do when a teacher does not want the student to come back to their class.

Student Removals (continued)

Suspension

In-School Suspension- The student remains on campus in a room separate from the student's regular classroom(s). [FO\(Regulation\)](#)

Out-of-School Suspension: Students are sent home from school and must remain at home until the end of the suspension. [FO\(Regulation\)](#)

Students may be suspended for any behavior listed in the Student Success Guide. In addition, suspensions may be used for students who have committed a removal or expulsion offense and for whom a conference or hearing is pending. AISD allows a student to be suspended from school for up to two school days per offense, with no limit on the number of times a student may be suspended in a semester or school year. A student who is to be suspended will be afforded due process consisting of an informal conference with the principal or other appropriate administrator advising the student of the misconduct with which the student is charged and giving the student the opportunity to explain their version of the incident. The principal or other appropriate administrator will determine the suspension duration. Any restrictions on participation in school-sponsored or school-related extracurricular and non-curricular activities will be determined by the principal or other appropriate administrator. A student may appeal the decision of the Campus Behavior Coordinator to the campus principal or designee. The student will remain on suspension pending any appeal.

No elementary student enrolled in a grade level below grade three shall be placed in out-of-school suspension, unless while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engaged in: conduct that contains the elements of an offense related to weapons (unlawful carrying weapons or prohibited weapons); conduct that contains the elements of a violent offense (assault [see glossary], sexual assault, aggravated assault or aggravated sexual assault); or selling, giving or delivering to another person or possessing, using or being under the influence of any amount of marihuana or a controlled substance, a dangerous drug or an alcoholic beverage [\[TEC Section 37.005\]](#).

No student who is homeless may be placed in out-of-school suspension unless while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engaged in: conduct that contains the elements of an offense related to weapons (unlawful carrying weapons or prohibited weapons); conduct that contains the elements of a violent offense (assault [see glossary], sexual assault, aggravated assault or aggravated sexual assault); or selling, giving or delivering to another person or possessing, using or being under the influence of any amount of marihuana or a controlled substance, a dangerous drug or an alcoholic beverage [\[TEC Section 37.005\]](#).

Student Removals (continued)

Administrator Removal to a Disciplinary Alternative Education Program (DAEP)

When a staff member thinks a student has broken a rule specified in [TEC 37.006](#), the principal or other appropriate administrator will schedule a meeting with the student's parents/guardians, teacher (if appropriate) and the student within three school days of getting the report. The campus administrator will try their best to schedule a hearing when the parent/guardian can come, but the principal may have the hearing even if the parents/guardians can't attend. Before the meeting happens, the principal or school staff can send a student to another classroom, In-School Suspension, Out-of-School Suspension or a Disciplinary Alternative Education Program, if needed.

Off-Home Campus Removals

1. *Discretionary Removal Placement in a DAEP*

A student **may** be placed in a DAEP for behavior as described as a Level II offense.

2. *Mandatory Removal Placement in a DAEP*

A student **must** be placed in a DAEP if the student commits any offenses as described in Level III.

3. *Discretionary Expulsion Placement in a DAEP*

A student **may** be placed in a DAEP for behavior as described as a Level III or Level IV offense.

4. *Mandatory Expulsion Placement in a DAEP or JJAEP*

A student must be placed in a DAEP or JJAEP for behavior as described as a Level IV offense.

5. *Emergency Placement in a DAEP*

In an emergency, the principal or other administrator may order a student to be placed in a DAEP immediately if the student is a danger to other people or property. When there is an emergency placement, the student and parents/guardians will be told what happened verbally and then later they will get a notice in writing. The reason for the emergency placement cannot be different from the reasons for regular placement.

No later than 10 days after the emergency placement, the student will be given due process required for a student-facing placement. For a student with disabilities, the term of the student's emergency placement follows the requirements of federal law.

Student Removals (continued)

Hearing

Before a student may be removed or expelled, the principal or designee will schedule a [hearing](#) within a reasonable amount of time. The student's parents/guardians will be invited in writing to come to the hearing. At the hearing, the student has the right to:

- Know why they might be removed or expelled.
- Have an adult speak for them. The adult can be their parents/guardians or another adult who can help the student and is not an employee of the school district.
- Give their explanation (testimony) and provide information to support their explanation (evidence) in their defense.

The principal or designee may set reasonable rules for the hearing. The school district will do its best to let the student and the student's parents/guardians know when and where the hearing is, but the District may still have the hearing even if the student, their parents/guardians or other adult representing them can't make it. Before a decision is made about a mandatory or discretionary removal or expulsion, the principal or designee must consider whether the student acted in self-defense, what the student was trying to do, how often the student has misbehaved, if the student has a disability or if the student is homeless or in Child Protective Services.

If the hearing is for possible expulsion, it will be determined if the student will be assigned to the DAEP or the JJAEP.

Removal Determination and Notification

After the conference, the principal or designee will provide the student and the parent notice of their decision regarding the removal and their right to appeal the decision. After the conference, if the student is placed in a DAEP, the CBC shall write a placement order. A copy of the DAEP placement order and information for the parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student for purposes of special education services shall be sent to the student and the student's parent.

Expulsion Determination and Notification

After the hearing, if the student is placed in a DAEP/JJAEP, the CBC shall write a placement recommendation. A copy of the placement recommendation and information for the parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student for purposes of special education services shall be sent to the student and the student's parent.

The Associate Superintendent will make a decision and inform the parents/guardians in writing. The decision will include information about the right to appeal. If the student is going to be expelled, the Associate Director of Discipline Standards and Accountability, no later than the second business day after the hearing, will send the juvenile court a copy of the order expelling the student and the information required by [Section 52.04](#) of the Family Code. A student younger than 10 years old who breaks a rule that can result in the student being expelled ([Section 37.007](#)) will be placed in a DAEP. A student who

is younger than six years old may not be placed in a DAEP unless they commit a federal firearms offense ([Section 37.008](#)). The amount of time a student stays in a DAEP is different for each student and is decided based on the student's situation. The maximum amount of time a student may be expelled is one calendar year unless the student is a threat to other students or District staff or staying longer is the best thing for the student. Students who are expelled at the end of one school year may still be expelled the next school year if they need to complete their expulsion. Students who are expelled from AISD have the right to be educated in the Travis County Juvenile Justice Alternative Education Program (JJAEP) or District Alternative Education Program (DAEP).

Students with Disabilities-

On the date on which the decision is made to remove a student that constitutes a change of placement requiring a Manifestation Determination Review (MDR) under the IDEA or Section 504, the administrator must notify the parents/guardians of that decision, and provide the parents/guardians with a copy of the applicable [IDEA Notice of Procedural Safeguards](#), or [Notice of Section 504 rights](#). Student services must continue to be implemented pending the outcome of the MDR.

Student Withdrawal Prior to Discipline

Withdrawing a student from school does not affect the District's authority to schedule and conduct a conference or hearing on the conduct and enter an order for removal to a DAEP or JJAEP, regardless of whether the student or parent/guardian is present to participate. The order for removal will be included with records sent to the transferring school district.

Appeal

An appeal is asking for a different decision to be made. The [appeal](#) has to be made in writing and must be received by the District within seven business days of the date of the removal notice. The student will stay in the DAEP during the appeal.

Removal Appeal

The Campus Behavior Coordinator's (CBC) decision to remove a student to a DAEP may be appealed to:

- The Assistant Superintendent or designee (Safe School Review Administrator) (Level I)
- The Deputy Superintendent or designee (Level II)
- The Superintendent or designee (Level III). If a student or their parents/guardians want to appeal the superintendent's decision, they can go to the AISD board, but they have to wait until after the District has received notification of a prosecutor's decision not to prosecute or a court finds that the student is not guilty or did not engage in delinquent conduct ([see glossary](#)). The decision of the board may be appealed to the Texas Commissioner of Education as provided by [TEC 37.006 \(i\)](#).
- The AISD Board (Level IV). The AISD Board of Trustees' decision about the appeal is final.

Expulsion Appeal

The Campus Behavior Coordinator's (CBC) decision to expel a student or send a student to a DAEP or JJAEP may be appealed to:

- The Deputy Superintendent or designee (Level I)
- The Superintendent or designee (Level II). If a student or their parents/guardians want to appeal the superintendent's decision, they can go to the AISD board, but they have to wait until after the District has received notification of a prosecutor's decision not to prosecute or a court finds that the student is not guilty or did not engage in delinquent conduct ([see glossary](#)). The decision of the board may be appealed to the Texas Commissioner of Education as provided by [TEC 37.006 \(i\)](#).
- The AISD Board (Level III). The AISD Board of Trustees' decision about the appeal is final.

Sending a Student to a DAEP ([Discipline Alternative Education Program](#))

The principal is allowed to send a student to a DAEP. They will be taught the main school subjects so they can stay on track. The student will also get counseling, and they can ride a school bus to the DAEP if they behave. Each student will stay in a DAEP for a different amount of time, depending on what they need. The longest a student will stay in a DAEP is through the end of the school year, unless they are a threat to students or staff or an extended placement is in the best interest of the student. The superintendent is allowed to determine if a student can leave the DAEP. Secondary students go to the Alternative Learning Center and elementary students go to the Elementary Disciplinary Alternative Education Program (EDAEP).

The meeting to determine whether a student goes to DAEP will provide the student with due process at the meeting ([see section about due process for details](#)). After the meeting, if the student is put in a DAEP, the student and their parents/guardians will get information about the decision and how to appeal. They will also get information about the District letting the student finish their school work for free so they can graduate.

If a DAEP is at capacity at the time the CBC is deciding placement for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical, the student shall be placed in ISS then transferred to a DAEP for the remainder of the period if space becomes available before the expiration of the period of the placement.

If a DAEP is at capacity at the time the CBC is deciding placement for a student who engaged in violent conduct, a student placed in a DAEP for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical may be placed in ISS to make a position in the DAEP available for the student who engaged in violent conduct. If a position becomes available in a DAEP before the expiration of the period of the placement for the student removed, the student shall be returned to a DAEP for the remainder of the period.

Participation in Activities

The District does not let a student who is in a DAEP participate in any school activities at all. Please see district policy [FMH \(LOCAL\)](#) about graduating seniors and graduation.

Review Every 20 Days

At least every 20 days, a student's Campus Behavior Coordinator will do a review of the student's status (attendance, grades, behavior) with DAEP staff to see how things are going. At the review, the student or their parents/guardians are allowed to say if they think the student should be able to go back to their regular school and why. For high school students, the principal (or someone they assign) and parents/guardians will review how the student is doing and make a plan for graduation. The District is not required under this subsection to provide the District's DAEP with a course not specified under [Section 37.008\(a\)](#). Students will be allowed to finish the schoolwork required for graduation. Please contact the DAEP administration (512-414-2554) for more information.

If the student was removed for assaulting a teacher, the student may not go back to the classroom of the teacher who removed the student unless the teacher says it's OK, except when the Placement Review Committee says that's what needs to happen.

Being in a DAEP After the End of the School Year

For placement in a DAEP to continue after the end of the school year, the principal (or designee) must decide that the student's presence in the regular classroom or campus presents a threat to the safety of other students or staff, or that long term placement is in the best interest of the student.

If a student has to go to a DAEP at the end of the school year and they don't have enough time to finish their placement, they might have to go back to the DAEP at the beginning of the next school year.

If the principal says it's OK, a student in a DAEP at the end of the school year can still go to summer programs.

Emergency Placement in DAEP [\[Section 37.019\]](#)

If the principal thinks that it's an emergency, they can send a student immediately to the DAEP. This happens when a student is unruly, disruptive, or abusive and a class or a school activity cannot continue due to the student's behavior. As required by law, the student will be given the appropriate conference required for DAEP placement within ten days.

Students Transferring to AISD Owing Time to the DAEP

If a student was in a DAEP in another district and then comes to AISD, administrators at AISD will decide if the student goes to a regular classroom or a DAEP.

Placement in a Juvenile Justice Alternative Education Program (JJAEP) [TEC 37.011]

Students who are expelled by AISD and then put on probation by the Travis County Juvenile Court will be ordered by the Court to attend JJAEP, an alternative education program operated by the Court.

Participation in Activities

If a student is expelled, they are not allowed to be at school or school events.

Expelled Students Transferring to AISD

If a student was expelled from another district or open-enrollment charter school and wants to come to AISD, the District will make a decision based on the student's specific situation.

Academic Credit

No District academic credit will be earned for work missed while a student is expelled (unless the student is in a JJAEP).

Bullying

Board Expectations, Beliefs, and Standards

The District shall incorporate information regarding board [policy against harassment or bullying](#) into the Student Success Guide, the student handbook, and appropriate training programs.

The standards of this policy constitute a specific, focused, coordinated, integrated, and culturally sensitive system of support for all students, staff, families, and community agencies that will improve relations within each school. It is designed to ensure that every school has staff members who have been trained and are supported in their school's efforts to provide awareness, intervention training, and instructional strategies on prevention, including violence prevention, to each student, staff, and parent in the District and to direct follow up when incidents are reported and/or occur.

Bullying Prohibited

The District prohibits bullying, including cyberbullying. Any acts of bullying that are reasonably perceived as being motivated either by any actual or perceived characteristic, such as race; ethnicity; color; religion; ancestry; national origin; gender; sex; sexual orientation; gender identity and expression; marital status; socio-economic background; social/family background; immigration status; linguistic preference; political beliefs; or a mental, physical, or sensory disability, difference, or impairment; or by any other distinguishing characteristic or because of one's association with a particular person or group of person are strictly prohibited.

Bullying of a student could occur by physical contact or through electronic means and may include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor spreading, or ostracism.

For definitions, see [FFI \(LEGAL\) and FFI\(LOCAL\)](#).

Retaliation

The District prohibits retaliation by a student or District employee against any person who in good faith makes a report of bullying, serves as a witness, or participates in an investigation.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

False Claim

A student who intentionally makes a false claim, offers false statements or refuses to cooperate with a District investigation regarding bullying shall be subject to appropriate disciplinary action.

Timely Reporting

Reports of bullying shall be made as soon as possible after the alleged act or knowledge of the alleged act. A failure to immediately report may impair the District's ability to investigate and address the prohibited conduct.

Bullying (continued)

Reporting Procedures

Student Report

To obtain assistance and intervention, any student who believes that he or she has experienced bullying or believes that another student has experienced bullying should immediately report the alleged acts to a teacher, school counselor, principal, or other District employee. The Superintendent of Schools or designee shall develop procedures allowing a student to anonymously report an alleged incident of bullying. Bullying can be reported anonymously through [Let's Talk](#).

Employee Report

Any District employee who suspects or receives notice that a student or group of students has or may have experienced bullying shall immediately notify the principal or designee.

Report Format

A report may be made orally or in writing. The principal or designee shall reduce any oral reports to written form.

Notice of Report

When an allegation of bullying is reported, the principal or designee shall notify a parent of the alleged victim on or before the third business day after the incident is reported. The principal or designee shall also notify a parent of the student alleged to have engaged in the conduct within a reasonable amount of time after the incident is reported.

Prohibited Conduct

The principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited conduct as defined by [policy FFH](#), including dating violence and harassment or discrimination on the basis of race, color, religion, sex, gender, national origin, or disability. If so, the District shall proceed under [policy FFH](#). If the allegations could constitute both prohibited conduct and bullying, the investigation under [FFH](#) shall include a determination on each type of conduct.

Investigation of Report

The principal or designee shall conduct an appropriate investigation based on the allegations in the report. The principal or designee shall promptly take interim action calculated to prevent bullying and ensure safety during the course of an investigation, if appropriate.

Bullying (continued)

Concluding the Investigation

Absent extenuating circumstances, the investigation should be completed within ten District business days from the date of the initial report alleging bullying; however, the principal or designee shall take additional time if necessary to complete a thorough investigation. The principal or designee shall prepare a final, typed report of the investigation. The report shall include a determination of whether bullying occurred, and if so, whether the victim used reasonable self-defense. The report will be maintained in an electronic software system.

Notice to Parents

The principal or designee shall promptly notify the parents of the victim, and the parents/guardian of the alleged bully by sending a determination letter of whether the student was engaged in bullying or not engaged.

District Action

Bullying

If the results of an investigation indicate that bullying occurred, the District shall promptly respond by taking appropriate disciplinary action in accordance with the District's Student Code of Conduct and may take corrective action reasonably calculated to address the conduct. The District may notify law enforcement in certain circumstances.

Counseling Options

Victims of bullying, bystanders, witnesses, and the accused shall be offered counseling services ranging from those provided by school counselors to a referral to Psychological and Social Services, and/or to one of the District's youth and family centers.

David's Law Discipline

A student may be removed from class and placed in a disciplinary alternative education program or expelled ([TEC Section 37.0052](#)) if the student engages in "Bullying" or "Cyberbullying" as defined in [TEC Section 37.0832](#) that encourages a student to commit or attempt to commit suicide, or incites violence against a student through group bullying, or releases or threatens to release intimate visual material of a minor or student who is 18 years of age or older without the student's consent.

Schools have the authority to apply discipline for bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property; bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying: interferes with a student's educational opportunities; or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying (continued)

Corrective Action

Examples of corrective action may include:

- A training program for the individuals involved in the complaint
- A comprehensive education program for the school community
- Follow-up inquiries to determine whether any new incidents or any instances of retaliation have occurred
- Involving parents and students in efforts to identify problems and improve the school climate
- Increasing staff monitoring of areas where bullying has occurred
- Reviewing the District's policy against bullying with students, teachers, staff and parents/guardians

Transfers

On the request of a parent, legal guardian or adult student who is a victim of bullying, the Superintendent of Schools or designee shall transfer the victim to:

1. Another classroom at the campus to which the victim was assigned at the time the bullying occurred; or
2. A campus in the District other than the campus to which the victim was assigned at the time the bullying occurred.

Counseling

The principal or designee shall notify the victim, the student who engaged in bullying, and any students who witnessed the bullying of available counseling options.

Improper Conduct

If the investigation reveals improper conduct that did not rise to the level of prohibited conduct or bullying, the District may take action in accordance with the Student Code of Conduct or any other appropriate corrective action.

Confidentiality

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

Appeal

A student who is dissatisfied with the outcome of the investigation may appeal through [FNG\(LOCAL\)](#), beginning at the appropriate level.

Sexual Harassment

Sex Discrimination and Sexual Harassment Prohibited

In accordance with [Title IX](#), Austin ISD does not discriminate on the basis of sex in its educational programs or activities in federally funded institutions. The requirement not to discriminate on the basis of sex extends to the admission of students in the District's educational programs or activities and employment. Inquiries about the application of Title IX may be referred to the District's Title IX Coordinator, the Assistant Secretary for Civil Rights of the Department of Education, or both.

Title IX Coordinator

Austin ISD's Title IX Coordinator is authorized to address concerns or inquiries regarding discrimination on the basis of sex, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment:

Austin ISD's Title IX Coordinator is identified in the [Student Handbook](#), and administrative regulation [FFH\(REGULATION\)](#), regarding Equal Educational Opportunity, which can be found at the following [website link/address](#).

or the following physical/ mailing address:

Julianne Gula, Title IX Coordinator- julianne.gula@austinisd.org- (512)414-5216

4000 S. I-H 35 Frontage Rd., Austin, TX 78704

Sexual Harassment

Austin ISD prohibits discrimination, harassment, dating violence, domestic violence, stalking, and retaliation as defined below, even if the behavior does not rise to the level of unlawful conduct. Prohibited conduct also includes sex-based discrimination and harassment as defined by Title IX and District Board policy. See policy [\(LOCAL\)\(LEGAL\)](#). Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Sexual harassment is conduct on the basis of sex that satisfies one or more of the following:

- An employee of the District conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct,
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity; or,
- "Sexual assault" as defined in [20 U.S.C. § 1092\(f\)\(6\)\(A\)\(v\)](#), "dating violence" as defined in [34 U.S.C. § 12291\(a\)\(10\)](#), "domestic violence" as defined in [34 U.S.C. § 12291\(a\)\(8\)](#), or "stalking" as defined in [34 U.S.C. § 12291\(a\)\(30\)](#).

Examples of sexual harassment of a student may include advances; touching private body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; asking for nude pictures and other sexually motivated conduct, communications, or contact.

Sexual Harassment (continued)

Gender-Based Harassment

Gender-based harassment includes physical, verbal, or nonverbal conduct based on the student's gender, the student's expression of characteristics perceived as stereotypical for the student's gender, or the student's failure to conform to stereotypical characteristics for the student's gender, or the student's failure to conform to stereotypical notions of masculinity or femininity. Gender-based harassment can occur regardless of the student's or the harasser's actual or perceived sexual orientation or gender identity.

Under AISD Board policy [FFH \(LOCAL\)](#), gender-based harassment is considered prohibited harassment if the conduct is so severe, persistent, or pervasive that the conduct:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment.
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Examples of gender-based harassment may include offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Sexual assault

As defined in [20 U.S.C. § 1092\(f\)\(6\)\(A\)\(v\)](#) means an offense classified as a forcible or non forcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

Dating violence

Defined in [34 U.S.C. § 12291\(a\)\(10\)](#) as violence committed by a person: (A) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (B) where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of the interaction between the persons involved in the relationship. Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship or any of the person's past or subsequent partners.

Domestic violence

Defined in [34 U.S.C. § 12291\(a\)\(8\)](#) includes felony or misdemeanor crimes of violence committed by

- A current or former spouse or intimate partner of the victim
- A person with whom the victim shares a child in common

- A person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner
- A person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by another person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

Stalking

Defined in [34 U.S.C. § 12291\(a\)\(30\)](#) as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

Reporting Procedures

Any person may report sex discrimination including sexual harassment, sexual assault, dating violence, domestic violence, and/or stalking, regardless of whether the person is the alleged victim of the conduct. Reports of sex discrimination, including sexual harassment, sexual assault, dating violence, domestic violence, stalking, or gender-based harassment can be made at any time, including during non-business hours, by mail, phone, or email by contacting the Title IX Coordinator using the contact information provided in [FB\(REGULATION\)](#). Reports can also be made in person.

Upon the District receiving notice of an allegation of sex-based discrimination or harassment, the Title IX Coordinator will promptly respond in accordance with the process described in [FFH\(LOCAL\)](#).

District's Response to Sex-Based Harassment

Upon the District's receipt of notice or an allegation of sex-based discrimination, harassment, or retaliation—regardless of whether a formal complaint is filed—the Title IX Coordinator or designee will contact the individual who was the alleged victim of sex-based discrimination or harassment to discuss the availability of supportive measures and inform them of the process for filing a formal complaint. If a formal complaint is filed, the matter will proceed through the District's Title IX grievance process, including an investigation and decision process, which is set forth in policy [FFH \(LOCAL\)](#).

If a student is the alleged perpetrator of sex-based discrimination, sexual harassment, or retaliation, the respondent student may be subject to immediate emergency removal from their campus after the District conducts an individualized analysis and if the District finds it necessary to protect a student or other individual from an immediate threat to their physical health or safety. If the District decides to remove the respondent student from campus, it will notify the respondent student and provide the respondent student an immediate opportunity to challenge the removal decision.

Complaints alleging Title IX retaliation may be addressed using the District's Title IX grievance process as outlined in [Board policy FFH\(LEGAL\)\(LOCAL\)\(EXHIBIT\)](#).

Sexual Harassment (continued)

Confidentiality

To the greatest extent possible, the District respects the privacy of the complainant, persons against whom a report is filed, and witnesses. The District keeps the identity of complainants, respondents, and witnesses confidential unless disclosure is required by law or necessary to carry out a Title IX proceeding. Limited disclosures may be necessary for the District to conduct a thorough investigation and to preserve the rights of complainants, respondents, and witnesses.

False Claim

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a Title IX investigation or grievance proceeding also does not constitute retaliation.

Retaliation

Retaliation against a person because the person has made a report or complaint of sexual harassment, sexual assault, dating violence, domestic violence, or stalking or because the person testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing regarding reported sexual harassment, sexual assault, dating violence, domestic violence, or stalking is prohibited. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX constitute retaliation. An individual's exercise of rights protected by the First Amendment of the United States Constitution does not constitute prohibited retaliation.

Appeal

A student who is dissatisfied with the outcome of the investigation may appeal through [FNG\(LOCAL\)](#), beginning at the appropriate level.

If you believe you are a victim of sexual harassment or dating violence, report this information to a campus administrator or other adult immediately. [Report here- https://www.austinisd.org/respect-for-all/reporting](https://www.austinisd.org/respect-for-all/reporting). All allegations are taken seriously and will be investigated immediately.

Responses to Student Misconduct

Students who do not behave well or break a rule or law will be disciplined appropriately as detailed in the following pages.

In general, discipline will be designed to address the misconduct and to encourage all students to stick to their responsibilities as citizens of the school. Every student and situation is different. Teachers and school staff decide how to discipline based on many things, including:

- Student's age and grade level,
- How serious the offense was,
- How often the student misbehaves,
- Impact of the student's action on others,
- If the student was acting in self-defense,
- How the student's behavior affected the school,
- What the student was trying to do,
- If the student has a disability (as required by law, IDEA, 504) or
- If a student is homeless or in Child Protective Services.

Although every situation is different, AISD administrators and staff have guidelines for how to consider the full context before making any disciplinary decision.

Misconduct is when a student breaks a rule or law or doesn't behave well.

When a student is at school, at a school event, or in a District vehicle, they are not allowed to do or have these things:

- Break any local, state, or federal law or school rule
- Engage in disruptive, aggressive, violent, or unsafe behavior or language at school, school events or on a school vehicle, including
 - Harassment
 - Dating violence
 - Bullying
 - Cyberbullying
 - Hazing
 - Threatening people
 - Not following orders from school staff
- Record someone's voice or image without permission
- Create a hit list
- Use a firearm
- Use any object with the intent to cause harm
- Engage in Assassin, or any other organized mock killing or elimination game
- Damage or vandalize property owned by someone else or the District
- Throw objects that could hurt someone or damage property
- Make or support a false alarm ([see glossary](#)) about safety
- Cheat or copy another person's work
- Not follow dress code
- Leave school or a school event without permission
- Falsify school records

Responses to Student Misconduct (continued)

Prohibited Items to Distribute, Possess, Sell or Use

- Pornographic materials
- Any material that encourages illegal behavior
- Glue or aerosol paint that has volatile chemicals or can be abused
- Alcoholic beverages consumed at school or before coming to school
- Medicine available without a prescription that isn't being used the way it is supposed to be used
- Prescription or over-the-counter drugs taken in violation of District policy [[FFAC \(LEGAL\)](#), [FFAC \(LOCAL\)](#)]
- A student's own prescription drugs when given to another student or having or being under the influence of another person's prescription drug
- Drug paraphernalia
- Look-alike drugs or contraband
- Matches or lighters
- Tobacco products of any kind
- Vape products of any kind ([see glossary](#))

- Makes a terroristic threat; false alarm or report ([see glossary](#)) (e.g., bomb threats).
- Is ordered by a juvenile court to attend a district DAEP as a condition of probation (this is for non-expelled students).
- Does something off campus and while the student is not at a school event and:
 - Is placed on deferred prosecution ([see glossary](#)) by Juvenile Court for aggravated robbery or a felony in [Title V of the Penal Code](#) (Title V includes both misdemeanor and felony offenses "against the person");
 - Had delinquent conduct ([see glossary](#)) for aggravated robbery or a felony as specified by [Title V of the Penal Code](#);
 - Is believed by the superintendent or designee to be a part of an aggravated robbery or conduct defined as a felony offense in [Title V of the Penal Code](#).

Level III Disciplinary Actions

Mandatory Placement in a DAEP

Level III- Disciplinary actions include but are not limited to:

- Travis County Juvenile Department referral
- District Police and Security Services Department notification
- Emergency placement to the Disciplinary Alternative Education Program
- Mandatory extracurricular activities restriction
- Mandatory Off-Campus DAEP following a hearing
- Outside social services agencies referral
- Restitution/restoration, if applicable
- Completion of the required DAEP assignment for a student who owes time from another district

Note: Students under the age of 6 cannot be assigned to a Disciplinary Alternative Education Program unless they break a federal firearms law. ([Texas Education Code 37.006](#)).

Level IV Disciplinary Offenses and Actions

Expulsion

Level IV- Disciplinary offenses:

A student **MUST** be expelled for doing any of the following things on school property, including a parking lot, parking garage, or other parking area owned by the school district, on a school bus or while at a school event, even if the event is not at a school [District Policy FOD](#):

- Bringing to school a firearm, as defined by federal law as:
 - Any weapon (including a starter gun), which will or is designed to or which may readily be converted to expel a projectile by the action of an explosive.
 - The frame or receiver of any such weapon.
 - Any firearm muffler or silencer.
 - Any destructive device, such as any explosive, incendiary, or poison gas bomb or grenade.
- Use, exhibition, or possession of the following, pursuant to the Texas Penal Code:
 - A firearm (defined as any device designed, made, or adapted to expel a projectile through a barrel by using the energy generated by an explosion or burning substance or any device readily convertible to that use).
 - A location-restricted knife, defined as a knife with a blade over five-and-a-half inches.
 - A prohibited weapon, such as an explosive weapon ([see glossary](#)); a machine gun; a short-barrel firearm; a firearm silencer; armor-piercing ammunition; a zip gun; or a tire deflation device.
- Behavior containing the elements of the following, pursuant to the Texas Penal Code:
 - Aggravated assault, sexual assault, or aggravated sexual assault.
 - Aggravated kidnapping.
 - Aggravated robbery.
 - Arson ([see glossary](#)).
 - Behavior punishable as a felony that involves being under the influence of, possession or use of, or the selling, giving or delivering to another person: a controlled substance or dangerous drug.
 - Continuous sexual abuse of a young child or children.
 - Indecency with a child.
 - Murder, capital murder, or criminal attempt to commit murder or capital murder; manslaughter; or criminally negligent homicide.
 - Retaliation against a school employee combined with one of the above-listed offenses on or off school property or at a school-related activity.

Level IV Disciplinary Offenses and Actions

Expulsion

A student **MAY** be expelled for:

- Engaging in conduct that contains the elements of an offense under [Section 22.01 of the Penal Code](#) (assault with injury is when a person intentionally, knowingly or recklessly causes bodily injury to another, including the person's spouse) in retaliation against a school district employee or volunteer.
- Engaging in bullying as defined in [TEC Section 37.0832](#) that encourages a student to commit or attempt to commit suicide; or inciting violence against a student through group bullying; or releasing or threatening to release intimate visual material of a minor or student who is 18 years of age or older without the student's consent.
- Engaging in criminal mischief if punishable as a felony.
- Making a terroristic threat, false alarm, or report ([see glossary](#)) (e.g., bomb threats) involving a public school.
- Engaging in conduct that contains the elements of offense of breach of computer security under section [33.02 of the Penal Code](#), if the conduct involves accessing a computer, computer network, or computer system owned by or operated on behalf of a school district, and knowingly altering, damaging, deleting school district property or information, or committing a breach of any other computer, computer network or computer system [[Chapter 37.007 \(b\)\(5\)](#)].
- Engaging in conduct that contains the elements of one of the following offenses against another student, without regard to where the conduct occurs:
 - Aggravated assault, sexual assault, or aggravated sexual assault.
 - Murder or capital murder.
 - Criminal attempt to commit murder or capital murder.

Offenses at School, Within 300 Feet of School or at a School Event

A student may be expelled for:

- Engaging in any of the following offenses if committed on school property or within 300 feet of the school's real property line, or while attending a school-sponsored or school-related activity on or off school property:
 - Conduct that contains the elements of an offense under [Section 22.01 of the Penal Code](#) (assault with injury is when a person intentionally, knowingly or recklessly causes bodily injury to another, including the person's spouse) against a school district employee or volunteer.
 - Conduct that contains the elements of the offense of deadly conduct (see [glossary](#)) under [Section 22.05 of the Penal Code](#).

- Engaging in any following offenses if committed within 300 feet of the school's real property boundary line:
 - Aggravated assault, sexual assault, or aggravated sexual assault.
 - Arson ([see glossary](#)).
 - Continuous sexual abuse of a young child or children.

 - Indecency with a child, aggravated kidnapping, manslaughter, criminally negligent homicide, or aggravated robbery.
 - Murder, capital murder, or criminal attempt to commit murder or capital murder.
 - Use, exhibition, or possession of a firearm ([see glossary](#)), a location-restricted knife, or prohibited weapon.

A student also may be expelled for any offense if required by state law when the offense is on the property of another Texas school district or while the student is attending a school event at another Texas school district.

A student may be expelled for serious misbehavior if a student is already in a DAEP and keeps breaking the rules even after the behavior has been corrected.

Level IV- Disciplinary actions include but are not limited to:

- Travis County Juvenile Department referral
- District Police and Security Services Department notification
- Emergency placement to the Disciplinary Alternative Education Program
- Mandatory extracurricular activities restriction
- Mandatory Off-Campus DAEP following a hearing
- Mandatory Off-Campus JJAEP following a hearing
- Outside social services agencies referral
- Restitution/restoration, if applicable
- Completion of the required DAEP assignment for a student who owes time from another district

Note: Students under the age of 6 cannot be assigned to a Disciplinary Alternative Education Program. ([Texas Education Code 37.006](#)). A student younger than 10 years old who commits an action for which they can be expelled under [TEC Section 37.007](#) will receive educational services in the district's DAEP.

Frequently Asked Questions

Question	Do I have the right to appeal if my child is removed to the DAEP or Expelled?
Answer	Yes. The student and/or the student's parent or guardian will be given notice of the right to appeal an expulsion decision. The appeal must be made in writing and received by the district within seven district business days of the date of the associate superintendent's expulsion order. (SSG, pg 31.)

Question	What is the Safe & Supportive School Program and Threat Assessment?
Answer	When a student makes a threat but has not yet caused some sort of physical pain, injury, damage, or hostile action to themselves or other students then the Safe and Supportive School Program team is responsible for removing punitive disciplinary options such as: in-school suspension, out-of-school suspension, student expulsion, removal to a disciplinary alternative education program (DAEP) or a juvenile justice alternative education program (JJAEP). Positive Behavior Intervention and Supports (PBIS), recommended by the Texas Education Agency, should be replacing the punitive disciplinary options. (SSG, pg 25.)

Question	Can students experiencing homelessness be suspended?
Answer	No. On September 1, 2019, HB 692 went into effect in schools across the state of Texas. This law effectively eliminates almost all cases of out-of-school suspension for children who are experiencing homelessness. If a child is homeless and misbehaves, their punishment cannot result in out-of-school suspension, except in a small number of instances. Instead, Texas schools must use appropriate alternative behavioral interventions. Data shows that homeless children receive more in-school and out-of-school suspensions than their non-homeless peers. Oftentimes, students experiencing homelessness depend on schools for access to food, and giving them out-of-school suspension means cutting off this access and sending them to the streets. Instead, the law requires schools to use alternative behavioral interventions and keep kids in school. (House Bill 692)

Question	How are suspensions determined?
Answer	Students may be suspended for any behavior listed in the Student Success Guide. In addition, suspensions may be used for students who have committed a removal or expulsion offense and for whom a conference or hearing is pending. AISD allows a student to be suspended from school for up to 2 school days per offense, with no limit on the number of times a student may be suspended in a semester or school year.

Question	I have questions or concerns about Austin ISD Police, whom should I contact?
Answer	If you have a question or concern regarding Austin ISD police or a specific Austin ISD officer, you may refer it to the Chief of Police or his designee by contacting him at: Phone: Austin ISD Police Department 512-414-1703 Email: AISDPD@austinisdpolice.org Location: Austin ISD Police, 4000 S. I-H 35 Frontage Rd., 3rd Floor, Austin, TX 78704 If an individual would like to file an official complaint, download the complaint form and fill out required information asked on the form. Once information is documented please take the forms to Austin ISD Police

	Department Headquarters and ask to speak to a police supervisor for the initiation of a complaint.

Question	How do students with disabilities advocate for themselves in the event of a removal?
Answer	A student with disabilities may be removed to an appropriate Interim Alternative Education Setting (IAES), another setting, or suspended for not more than 10 consecutive school days (to the extent such alternatives would be applied to students without disabilities). School personnel must consider any unique circumstances on a case-by-case basis when determining whether a change in placement is appropriate for the child with a disability who violates the Student Success Guide. Within 10 school days of any decision regarding a disciplinary change of placement due to a Code violation, the ARD committee must determine whether the behavior of the student is a manifestation of the student’s disability. (SSG, pg 31 .)

Question	Can the district monitor electronic device usage? Are there filters on students' district-issued devices?
Answer	Yes. Electronic mail transmissions and other use of electronic communications shall not be considered confidential and may be monitored at any time by designated staff to ensure appropriate use for educational or administrative purposes. Each District computer with Internet access shall have a filtering device or software that blocks access to visual depictions that are obscene, pornographic, inappropriate for students, or harmful to minors, as defined by the federal Children’s Internet Protection Act and as determined by the Superintendent or designee.

Question	Can parents and students file a complaint to resolve conflict?
Answer	The Board encourages students and parents to discuss their concerns with the appropriate teacher, principal, or other campus administrators who have the authority to address the concerns. In the event informal resolution has been attempted, but not resolved, a 30-day deadline at “Level One” begins to run when the student or parent first knew or should have known, of the decision or action that caused the complaint or grievance. Complaints and appeals under this policy shall be submitted in writing on a form provided by the District.

Question	Can my elementary student get suspended?

Handgun is defined by Penal Code 46.01(5) as any firearm that is designed, made, or adapted to be fired with one hand.

Harassment is conduct that:

1. Meets the definition established in district policies DIA(LOCAL) and FFH(LOCAL); or
2. Threatens to cause harm or bodily injury to another person, including a district student, employee, board member, or volunteer; is sexually intimidating; causes physical damage to the property of another student; subjects another student to physical confinement or restraint; or maliciously or substantially harms another student's physical or emotional health or safety, as defined in Section 37.001 (b)(2) of the Education Code, or
3. Conduct that is punishable as a crime under Penal Code 42.07, including the following types of conduct if carried out with the intent to harass, annoy, alarm, abuse, torment, or embarrass another:

- a. Initiating communication and, in the course of the communication, making a comment, request, suggestion, or proposal that is obscene, as defined by law;
- b. Threatening in a manner reasonably likely to alarm the person receiving the threat, to inflict bodily injury on the person, or to commit a felony against the person, a member of the person's family or household, or the person's property;
- c. Conveying in a manner reasonably likely to alarm the person receiving the report, a false report, which is known by the conveyor to be false, that another person has suffered death or serious bodily injury;
- d. Causing the telephone of another to ring repeatedly or making repeated telephone communications anonymously or in a manner reasonably likely to harass, annoy, alarm, abuse, torment, embarrass, or offend another;
- e. Making a telephone call and intentionally failing to hang up or disengage the connection;
- f. Knowingly permitting a telephone under the person's control to be used by another to commit an offense under this section;
- g. Sending repeated electronic communications in a manner reasonably likely to harass, annoy, alarm, abuse, torment, embarrass, or offend another.

Hazing is defined by Section 37.151 of the Education Code as an intentional, knowing, or reckless act, on or off campus, by one person alone or acting with others, that endangers the mental or physical health or safety of a student directed against a student for the purpose of pledging, initiation into, affiliation with, holding office in, or maintaining membership in a student organization if the act meets the elements in Education Code 37.151, including:

1. Any type of physical brutality;
2. An activity that subjects the student to an unreasonable risk of harm or that adversely affects the student's mental or physical health, such as sleep deprivation, exposure to the elements, confinement to small spaces, calisthenics, or consumption of food, liquids, drugs, or other substances;
3. An activity that induces, causes, or requires the student to perform a duty or task that violates the Penal Code; and
4. Coercing a student to consume a drug or alcoholic beverage in an amount that would lead a reasonable person to believe the student is intoxicated.

Hit List is a list of people targeted to be harmed, using a firearm, a knife or any object to be used with intent to cause bodily harm.

Holistic Approach to Conflict would be to help students understand the nature of conflict, what defense mechanisms it triggers in them, and how to take responsibility for those

feelings. This approach may equip students with the skills needed to approach the conflict so that all parties can move forward in a healthy way.

Improvised explosive device is defined by Penal Code 46.01 as a completed and operational bomb designed to cause serious bodily injury, death, or substantial property damage that is fabricated in an improvised manner using nonmilitary components.

Indecent exposure is defined by Penal Code 21.08 as an offense that occurs when a person exposes the person's anus or any part of the person's genitals with intent to arouse or gratify the sexual desire of any person and is reckless about whether another is present who will be offended or alarmed by the act.

Incremental Interventions are disciplinary interventions that use a range of graded disciplinary actions and responses in order to control and manage behavioral issues.

Intimate Visual Material is defined by Civil Practices and Remedies Code 98B.001 and Penal Code 21.16 as visual material that depicts a person with the person's intimate parts exposed or engaged in sexual conduct. "Visual material" means any film, photograph, video tape, negative, or slide of any photographic reproduction or any other physical medium that allows an image to be displayed on a computer or other video screen and any image transmitted to a computer or other video screen.

Juvenile Justice Alternative Education Program (JJAEP) is a disciplinary setting for secondary students that have had a due process hearing and are expelled from the traditional school setting. Students are assigned to a JJAEP program as a result of violating Texas Education Code Chapter 37 listed offenses which include: 1) mandatory expulsion from their home school for serious infractions of the Student Code of Conduct, 2) discretionary expulsions for serious infractions that occur off-campus as well as other infractions of the Student Code of Conduct, or 3) are court ordered due to Title V offenses or probation conditions.

Location-Restricted Knife is defined by Texas Penal Code 46.01(6) as a knife with a blade of over five and one-half inches.

Look-alike weapon means an item that resembles a weapon but is not intended to be used to cause serious bodily injury.

Knuckles are any instrument consisting of finger rings or guards made of a hard substance and designed or adapted for inflicting serious bodily injury or death by striking a person with a fist enclosed in the knuckles.

Machine Gun is any firearm that is capable of shooting more than two shots automatically without manual reloading by a single function of the trigger.

Mandatory means that something is obligatory or required because of an authority.

Out-of-School Suspension is defined as a temporary exclusion from school and school activities. Suspension from school may be used alone for violations of school rules or the Student Code of Conduct. In addition, suspensions may be used for students who have committed a removal or expulsion offense and for whom a conference or hearing is pending.

Paraphernalia are devices that can be used for inhaling, ingesting, injecting, or otherwise introducing a controlled substance into the human body.

Peer Mediation is problem-solving youth-to-youth. In peer mediation, two or more students involved in a dispute meet in a private, safe, and confidential setting to work out problems with the assistance of a trained student mediator.

Positive Behavioral Interventions and Supports (PBIS) is an evidence-based three-tiered framework for improving and integrating all of the data, systems, and practices affecting student outcomes every day. It is a commitment to addressing student behavior through systems change.

Possession means actual care, custody, control, or management of an object or substance. A student shall be considered in possession of any substance or object prohibited or regulated by this code if the substance or object is:

1. On the student's person or in the student's personal property, including but not limited to the student's clothing, purse, telecommunications or electronic devices, book bag or briefcase;
2. In any private vehicle used by the student for transportation to or from school or school-related activities, including but not limited to an automobile, truck, motorcycle, or bicycle;
3. Telecommunications or electronic devices; or
4. In any school property used by the student, including but not limited to a locker or a desk.

Proactive Intervention:

1. Being proactive is defined as serving to prepare for, intervene in, or control an expected occurrence or situation, especially a negative or difficult one; anticipatory proactive measures against crime.
2. Proactive interventions would anticipate a known behavior as opposed to reactive interventions, which are interventions that are used only once the behavior occurs.

They are consequences (or reactions) to the behavior. The goal is to cut short the behavior to minimize damage.

Progressive Discipline uses incremental interventions, whenever possible, to address inappropriate behavior with the ultimate goal of teaching prosocial behavior.

Prohibited Weapon under Texas Penal Code 46.05(a) means:

1. The following items, unless registered with the U.S. Bureau of Alcohol, Tobacco, Firearms, and Explosives or otherwise not subject to that registration requirement or unless the item is classified as a curio or relic by the U.S. Department of Justice:
 - a. An explosive weapon;
 - b. A machine gun;
 - c. A short-barrel firearm;
2. Armor-piercing ammunition;
3. A chemical dispensing device;
4. A zip gun;
5. A tire deflation device; or
6. An improvised explosive device

Prosocial Behaviors/Activities are any actions intended to help others. One motivation for prosocial behavior is altruism, or the desire to help others with no expectation of reward.

Public Lewdness is defined by Penal Code 21.07 as an offense that occurs when a person knowingly engages in an act of sexual intercourse, deviate sexual intercourse, or sexual contact in a public place or, if not in a public place, when the person is reckless about whether another is present who will be offended or alarmed by the act.

Public School Fraternity, Sorority, Secret Society, or Gang means an organization composed wholly or in part of students seeking to perpetuate the organization by taking on additional members from a school's student population based on a decision by membership rather than by the free choice of a qualified student. Educational organizations listed in Section 37.121(d) of the Education Code are exempted from this definition.

Reasonable Belief is that which an ordinary person of average intelligence and sound mind would believe. Chapter 37 requires certain disciplinary decisions when the superintendent or designee has a reasonable belief that a student engaged in conduct punishable as a felony offense. In forming such a reasonable belief, the superintendent or designee may use all available information and must consider the information furnished in the notice of a student's arrest under Code of Criminal Procedure Article 15.27.

Restorative Circle Process is a community process for supporting those in conflict. It brings together the three parties to a conflict — those who have acted, those directly impacted, and the wider community — within an intentional systematic context to dialogue as equals. The restorative circle process should only be used for situations at campuses that have restorative practices fully and deeply implemented at Tier 1.

School-wide Tiered Framework: Positive Behavioral Interventions and Supports (PBIS) is a multi-tiered framework that is utilized to achieve important behavior changes. It requires adopting and organizing evidence-based behavioral interventions into an integrated continuum that enhances academic and social behavior outcomes for all students.

Self-Defense is the use of force against another to the degree a person reasonably believes the force is immediately necessary to protect themselves.

Serious misbehavior means:

1. Deliberate violent behavior that poses a direct threat to the health or safety of others;
2. Extortion, meaning the gaining of money or other property by force or threat;
3. Conduct that constitutes coercion, as defined by Section 1.07, Penal Code; or
4. Conduct that constitutes the offense of:
 - a. Public lewdness under Penal Code 21.07;
 - b. Indecent exposure under Penal Code 21.08;
 - c. Criminal mischief under Penal Code 28.03;
 - d. Hazing under Education Code 37.152; or
 - e. Harassment under Penal Code 42.07(a)(1) of a student or district employee.

Serious or persistent misbehavior includes, but is not limited to:

- Behavior that is grounds for permissible expulsion or mandatory DAEP placement.
- Behavior identified by the district as grounds for discretionary DAEP placement.
- Actions or demonstrations that substantially disrupt or materially interfere with school activities.
- Refusal to attempt or complete schoolwork as assigned.

- Insubordination.
- Profanity, vulgar language, or obscene gestures.
- Leaving school grounds without permission.
- Falsification of records, passes, or other school-related documents.
- Refusal to accept discipline assigned by the teacher or principal.

Sexual harassment of a student, including harassment committed by another student or third party, includes unwelcome sexual advances; requests for sexual favors; or sexually motivated physical, verbal, or nonverbal conduct when the conduct is so severe, persistent, or pervasive that it:

1. Affects a student's ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment;
2. Has the purpose or effect of substantially or unreasonably interfering with the student's academic performance; or
3. Otherwise adversely affects the student's educational opportunities.

Examples of sexual harassment of a student may include sexual advances; request for sending nudes; touching intimate body parts or coercing physical contact that is sexual in nature; jokes or conversations of a sexual nature; and other sexually motivated conduct, contact, or communications, including electronic communication and online communication.
